

## A Moment Of Madness

Katie Melua

This is my first ever chord/tab thing so don't be mean.  
The chords aren't right but they're simple and sound ok.  
It should soon be uploaded to my youtube account: faithsmelliott  
<http://www.youtube.com/user/faithsmelliott>

I don't strum, I pluck the strings like so:

```
E-1-----1
B-1-----X-----X----1
G-1-----X-----X----1
D-1-----X-----1
A-1---X-----1
E-1-----1
```

### A MOMENT OF MADNESS - KATIE MELUA

**Em**

A moment of madness

**Am**

It's happened before

**B7**

**Em**

It could turn into sadness or a civil war

**G**

**D7**

You've got me changing, all I ever thought

**Am**

When you first got so mad, lost your rag

**Em**

Trying to save some trees, angry cries

**B7**

Saw your thighs, then I fell to my knees

**Am D7 Em**

Oh my god, what is this?, It's a moment of madness

**Am**

When we drank too much beer

**Em**

Lost our fear, our defenses were down

**B7**

You got up, tried your luck, bought a dubious round

**Am D7 Em**

It can be hard to resist, it's a moment of madness

**Em**  
 A promise of passion  
**Am** **B7**  
 A trailer of sin, a smiling assassin  
**Em**  
 The demon within  
**G** **D7**  
 Endorphins are raging, resistance is thin

**Am**  
 And you're blowing my mind  
**Em**  
 Cause I find that your theories of life  
**B7**  
 Are insane, feed my brain, I could listen all night  
**Am D7 Em**  
 I can't leave till we kiss, it's a moment of madness

**Am**  
 And I just wanna stare at your hair  
**Em**  
 And imagine you opening your door  
**B7**  
 In your drawer there's some leather in there  
**Am D7 Em**  
 I refuse, you persist, it's a moment of madness

**Em** **Am**  
 You know I'm not asking a lot, only your life  
**B7** **Em**  
 I don't want to get what I want but I'm willing to try  
**G** **D7**  
 And I'm gonna ask you to stop but I'm full of lies

**Am**  
 When you first got so mad, lost your rag  
**Em**  
 Trying to save some trees, angry cries  
**B7**  
 Saw your thighs, then I fell to my knees  
**Am D7 Em**  
 Oh my god, what is this?, It's a moment of madness

**Am**  
 And I just wanna stare at your hair  
**Em**  
 And imagine you opening your door  
**B7**

In your drawer there s some leather in there

**Am D7 Em**

I refuse, you persist, it s a moment of madness
