I ve tried a few other versions of this song, but then had to sit and chord it how it sounds to my ear, I think it sounds almost there if you play along with the track, as always any mistakes or bloopers are mine, hope you enjoy.

**I CRIED FOR YOU**  
**\*\* CAPO 1st FRET \*\***

**G** **F**  
You re beautiful so silently, It lies beneath a shade of blue  
**C** **D** **G**  
It struck me so violently, When I looked at you  
**G** **F**  
But others pass they never pause, To feel that magic in your hand  
**C** **D** **G**  
To me you re like a wild rose, They never understand, Why

**G** **Am7**  
I cried for you, When the sky cried for you  
**D** **C** **D** **G**  
And when you went, I became a hopeless drifter  
**G** **Am7**  
But this life was not for you, Though I learned from you  
**D** **C** **D** **G**  
That beauty, Need only be a whisper

**G** **F**  
I ll cross the sea-s, For a different world  
**C** **D** **G**  
With your treasure, A secret for me to hold  
**G** **F**  
In years they may, Forget this love of ours  
**C** **D** **C** **G**  
Or that we met, They may not know, How much you meant to me

**G** **Am7**  
I cried for you, When the sky cried for you  
**D** **C** **D** **G**
