

Id Love To Kill You
Katie Melua

I d love to kill you with a kiss **Fm Cm Fm Fm**

I d like to strike you down with bliss **C# G# A#m A#m**

I d like to tie you up in knots **D# D# Fm C#**

Until your heart stops **G# G# C C**

I d love to kill you with a glance

I d like to put you in a trance

I d like to drug you with my scent

And use you in the moment

Chorus: uuuuu... **C# G# D# D#** (not sure about this G#)

I d love to kill you as you eat

The pleasure would taste so sweet

I d like to open up your skin

And wander there within

I d love to kill you by a stream

When no one can hear my baby scream

And then I d run away and be free

The sweetest victory

Chorus: uuuuu....

I love to watch you in your sleep

Cause you don t have power over me

And when you re awake I m undone

Under your spell - in

Chorus: heeeeeeeeeeeell

uuuuuuuuuuuuuu...

uuuuuuuuuuuuuuuuuuuu...
