

Tiny Alien
Katie Melua

E
Who are you my tiny alien,
C#m
why do you love to hide?

E
Who are you my tiny alien,
C#m
what can you see inside?

A E
I wonâ€™t make a sound

A E
I wonâ€™t shoot you down

A G# C#m A
With my science, and reliance on everything I thought I knew

E C#m
When youâ€™re not of this earth
C#m
You wonâ€™t know what youâ€™re worth

A F#m C#m
Youâ€™ve just got to take the pressure together
F#m C#m
Or youâ€™ll never survive in this world

A
Tiny alien

E C#m
Who are you my tiny alien
C#m
What are you here to do

E C#m
Who are you my tiny alien
C#m
How can I talk to you

A E
Whatâ€™s my DNA

A E
Can you make it change

A G# C#m A
So I can gain new insight and take flight
G# C#m A
And never feel any pain

E
When youâ€™re not of this earth
