**Katie Melua**

**E**  
Who are you my tiny alien,  
**C#m**  
why do you love to hide?

**E**  
Who are you my tiny alien,  
**C#m**  
what can you see inside?

**A E**  
I wonâ€™t make a sound

**A E**  
I wonâ€™t shoot you down

**A G# C#m A**  
With my science, and reliance on everything I thought I knew

**E**  
When youâ€™re not of this earth

**C#m**  
You wonâ€™t know what youâ€™re worth

**A**  
Youâ€™ve just got to take the pressure together

**F#m C#m**  
Or youâ€™ll never survive in this world

**A**

Who are you my tiny alien

**C#m**  
How can I talk to you

**A E**  
Whatâ€™s my DNA

**A E**  
Can you make it change

**A**  
So I can gain new insight and take flight

**G# C#m A**  
And never feel any pain

**E**  
When youâ€™re not of this earth

You won't know what you're worth

You've just got to take the pressure together

Whatever the future will bring
