

Into Me You See
Katy Perry

C Am F Dm
I built a wall so high no one could reach

C Am F Dm
A life of locks, I swallowed all the keys

C Am
I was petrified, only knew how to hide

F Dm
They can't hurt me, if they don't know me

C Am F Dm
A full façade, made a mirage out of me

E Am F Dm E
Then you came and started diggin' for a treasure underneath

Am F Dm
And you found a better version of me I had never seen

C
Into me you see

Am
Into me you see

Bb
You broke me wide open

Dm
Open sesame

C
Into me you see

Am
Into me you see

Bb
You got me wide open

Dm
Now I'm ready

Am F C
Is this intimacy?

C Am F Dm
I was a ship floating aimlessly

C Am F Dm
So camouflaged, was my own worst enemy

E Am F Dm E
But then you came in like a sailor with a heart that anchored me

Am F Dm
And every day I wake up grateful I'm no longer lost at sea

C
Into me you see

Am

Into me you see

Bb

You broke me wide open

Dm

Open sesame

C

Into me you see

Am

Into me you see

Bb

You got me wide open

Dm

Now I m ready

Am F C

Is this intimacy?

F

Oh, cause no one s ever seen me like this

Am

Seen right through the bullshit

Dm

I pray that I can keep unfolding

F7

Pray that I can just stay open, just stay open, just stay open

C Am

Just stay open

Bb

Ohhhh, cause you broke me wide open

Dm

C

Into me you see

Am
