

**It Takes Two**  
**Katy Perry**

Intro: **G**

**G**  
Is Mercury, in retrograde

**Em**  
Or is that the excuse

**C**  
That I've always made cause  
**D**

I wanna blame you,

**G**  
But I can only blame myself

**G**  
Yeah, it's easy to throw you under the bus

**Em**  
I'll call you crazy, while filling my cup  
**C** **D**

I, say these things to hurt you  
**G**

But I, only hurt myself

**Em** **D** **G** **D** **C** **C** **C**  
Oh, I can only take responsibility, for me

**G**  
It takes two, two sides to every story

**Em** **C**  
Not just you, I can't keep ignoring  
**D**

I admit, half of it

**G**  
I'm not that innocent, oh yeah

**G**  
It takes two, two sides to every story

**Em** **C**  
Not just me, you can't keep ignoring  
**D** **G**

But let me be, first baby, to say I'm sorry (I'm sorry)

**G**  
I face my demons, yeah, I paid my dues

**Em**  
I had to grow up, I wish you could too  
**C** **D** **G**

I, wanted to save you, but I can only save myself

( -one strum)

**Em** **D** **G** **D** **C**  
Oh, I can only be the change you want to see  
**C** **C**  
Yeah, to see

**G**  
It takes two, two sides to every story  
**Em** **C**  
Not just you, I can't keep ignoring  
**D**  
I admit, half of it  
**G**  
I'm not that innocent yeah, oh

**G**  
It takes two, two sides to every story  
**Em** **C**  
Not just me, you can't keep ignoring  
**D** **G**  
But let me be, first baby, to say I'm sorry (I'm sorry)

**Em** **D**  
I point my finger but it does me no good, I  
**C**  
Look in the mirror and it tells me the truth, yeah

**Em** **D** **Asus2** [002200]  
Why all these lessons always learned the hard way

Is it too late to change, oh

**G**  
It takes two, two sides to every story  
**Em** **C**  
Not just you, I can't keep ignoring  
**D**  
And I admit, half of it  
**G**  
I'm not that innocent, oh

**G**  
It takes two, two sides to every story  
**Em** **C**  
Not just me, you can't keep ignoring  
**D** **G**  
But let me be, first baby, to say I'm sorry (I'm sorry)
