

**Just a Song**

**Katy Perry**

**E**

So, when my voice breaks

It s called interpretation

**C#m**

When I hold a note

It s cause I want to

**A**

Not cause I feel anything about you

**C**

**B**

So don t flatter yourself thinking that I love you

**E**

Make you emotional

From major to the minor

**C#m**

When I lose control

I m not trying to impress you

**A**

Break it down and I get your attention

**C**

**B**

But it s just formula, I don t need your validation

Validation

**E**

This is just a song

The music plays and then

**C#m**

Then it s gone again

This is just a song

**A**

The words don t mean a thing

**B**

So every time I sing i loved you all along

Remember, remember this is just a song

**E**

Now, I feel nothing

Yes, I m on auto pilot

**C#m**

I have sung these words

Even sing em while I m sleeping

**A**

Just cause you have showed up here to see me

**C**

**B**

Doesn t mean I m going home with you this evening

**E**

I know December is the month we meet

**C#m**

But it rhymes with remember

**A**

Or did you forget I was only giving a performance?

**C**

**B**

I hadn t noticed you were in the audience

In, in the audience

**E**

This is just a song

The music plays and then

**C#m**

Then it s gone again

This is just a song

**A**

The words don t mean a thing

**B**

So everytime I sing I loved you all along

Remember, remember this is just

**C#m**

**A**

Everybody knows that this is just a song

**B**

And I don t feel a thing for you

**C#m**

**A**

Everybody knows that rhythm, rhyme and structure

**B**

Doesn t mean I love you

Oh, no

**E**

This is just a song

The music plays and then

**C#m**

Then it s gone again

This is just a song

**A**

The words don't mean a thing

**B**

So every time I sing I loved you all along

Remember, remember this is just

**C#m**

It's just a song
