

**Self Inflicted**  
**Katy Perry**

**G** **Em**  
Remember when I dove into the ground  
**C** **G**  
And I got a bloody knee under my skin  
**Em**  
A scar from wiping out  
**C** **C+**  
It brings back the memories

Pre-chorus:

**Em7** **Cadd9**  
Every bone's been broken  
**D** **Dsus4**  
But my heart is still wide open

Chorus:

**G** **D** **Em**  
I can't stop, don't care if I lose  
**Bm** **C**  
Baby, you are the weapon I choose  
**D**  
These wounds are self-inflicted  
**G** **D** **Em**  
And I'm going down in flames for you  
**Bm** **C**  
Baby, you are the weapon I choose  
**D** **C**  
These wounds are self-inflicted  
**D** **G**  
One more thing I'm addicted to

With each scar there's a map that tells a story  
What a souvenir of young love's like  
Jumpin out an airplane right in a tidal wave of

Of emotion  
My heart rips me wide open
