

This Moment
Katy Perry

G **C9**
Can you tell me, who called the race?

Em7
Can anyone stay in one place?

C9
And when you get to the finish line

Will you wish for more time?

G **C9**
But see, one day, one day you will

Em7
But maybe one day you will find

C9
That you just can't push rewind

G
All we have is this moment

C9
Tomorrow's unspoken

Em7
Yesterday is history

C9
So why don't you be here with me?

G
All we have is this moment

C9
To put our love into motion

Em7
Yesterday is history

C9
So why don't you be here with me?

G
Be here with me now

G **C9**
Do you ever think that, we're just chasing our tails?

Em7
Like life is one big fast treadmill

C9
And we pop what is prescribed

If it gets us first prize

But you know who I, who I think will win

Em7

Are the ones that love loving

C9

Are the ones that take the time

G

All we have is this moment

C9

Tomorrow s unspoken

Em7

Yesterday is history

C9

So why don t you be here with me?

C9
