Trust In Me
Katy Perry

A song from Katy Perry s Gospel record titled: Katy Hudson

```
C#m                    B
How could I see you when I was so blind
C#m                      B
How could I grasp you when I was far behind
C#m                       B
How could I hear you when I was so deaf
C#m                    B
How could I get up when I had been left

E            B
But You said, don t worry
C#m
For I ve healed the blind man
B                          A
And I ve set the captives free
E            B
And You said, don t worry
C#m                    B
For all you ve gotta do
C#m                      C#m B    A
Is put your trust in me

C#m                        B
How could I be clean when I was so dirty
C#m                           B
How could I be made whole when I was torn apart
C#m
Make me whole, make me whole
B                     C#m B    A
Make me whole again          yeah

E            B
But You said, don t worry
C#m
For I ve healed the blind man
B                          A
And I ve set the captives free
E            B
And You said, don t worry
C#m                    B
For all you ve gotta do
C#m                      C#m B    A
Is put your trust in me
```

```
E               B
But You said, don t worry
C#m
For I ve healed the blind man
B                       A
And I ve set the captives free
E               B
And You said, don t worry
C#m                 B
For all you ve gotta do
C#m                 C#m B    A
Is put your trust in me

E               B
But You said, don t worry
C#m
For I ve healed the blind man
B                       A
And I ve set the captives free
E                 B
And You said, don t worry
C#m                 B
For all you ve gotta do
C#m                   C#m B    A
Is put your trust in me
```
