CAPO 5

[Intro]
G-G/B-Am-D

[Verse 1]

[G-G/B-Am-D] [continiously played]

I wanna tell you baby
You re the one that Im thinking of
But your heart is still with her
And I think she s the one that you love
I only want you happy
Even if it s not with me
Maybe one day
You ll open up your eyes and you ll see

[Chorus]

[G-G/B-Am-D] [continiously played]

That I think Im falling
Maybe I m falling for you
Yeah I think Im falling
Baby Im falling for you

[Verse 2]

[**G-G/B-Am-D**] [continiously played]
From the first time
You laid your lips on mine
It feels like the smile on my face
Will last till the end of time

[**G-G/B-Am-D**] [continiously played]
But Im not so sure
That you re the one that I should pursue
My mind tells me no
But my heart only says that it s you

[Chorus]

[Bridge]

Em **G**
Only time will tell
A **G**
The mystery has yet to unfold
Em **G**
Who s gonna feel love s warmth
A **D** (Intro)
And the other left in the cold

[Chorus]

[**G-G/B-Am-D**] [continiously played]
Yet still I m falling
Maybe im falling for you
yeah I think Im falling
Baby I m falling for you
That I think Im falling
Maybe I m falling for you
yeah I think Im falling
Baby Im falling for you
