Intro: **D-Bm-Em-A** X2

D **Bm** **Em** **A**
When you're lonely and sad
D **Bm Em A**
If you think of the time we had
D Bm A* **Bm**
Just the thought will bring you back to me
D Bm **Em** **A**
Seen you stare in to space
D Bm Em A
Shadow falling across your face
D Bm A* Bm
But it won't take long to get to you
A7
Whatever you do

Em A
And if your heart
D Bm
Should melt away
Em A
No matter I'll find you anyway
Em A
Until you look
D Bm Em
And find our lives, it doubles
A A7
Is someone who understand your troubles

D Bm Em **A**
When you're tumbling down
D Bm Em A
Cast an eye back to our old town
D Bm A* Bm
And a heart to hold you won't be far
A A7
Wherever you are
