Intro: **G Dsus4 D Am G**

**G Dsus4 D**  
I don t wanna be adored  
**Am**  
Don t wanna be first in line  
**G**  
Or make myself heard

**G Dsus4 D**  
I d like to bring a little light  
**Am**  
Shine a light on your live  
**G**  
To make you feel loved

**C G C**  
No, don t wanna be the only one you know  
**D**  
I wanna be the place you call home

**G Dsus4 D C**  
I lay myself down  
**G Dsus4 D**  
To make it so  
**C**  
But you don t want to know  
**G Dsus4 D**  
I give much more  
**C G C**  
Than I d ever ask for

( e por aí vai )

Will you see me in the end  
Or is it just a waste of time  
Tryin to be your friend  
  
Shine, shine, shine  
Shine a little light

Shine a light on your life

And warm me up again

Fool, I wonder if you know yourself at all

You know that it could be so simple

I lay myself down

To make it so

But you don't want to know

You take much more

Than I'd ever ask for

**G | D | G | D**

( toca a intro. 2 vezes )

Say a word or two to brighten my day

Do you think that we could see your way

To lay yourself down

And make it so

But you don't want to know

You take much more

Than I'd ever ask for
