

My Shadow

Keane

(D7M A F#m E)

It s time to make a start
To get to know your heart
Time to show your face
Time to take your place

(D7M A F#m E)

In every speck of dust
In every universe
When you feel most alone
You will not be alone

D

Just shine a light on me

E D E

Shine a light

I ll shine a light on you

E D

Shine a light

E F#m E D

And you will see my shadow

On every floor

(D7M A F#m E)

(D7M A F#m E)

It only takes a spark
To tear the world apart
These tiny little things
That make it all begin

D

Just shine a light on me

E D E

Shine a light

D

I ll shine a light on you

E D

Shine a light

E F#m E D

And you will see my shadow

E D

On every wall

E D

And you will see my reflection

E D

In your freefall

(**F#m E D**)
