The Way I Feel Keane

G

Well they said you were a bright child

1

Never anything but joy behind your eyes

G

No sign of all the dark clouds

Spreading like volcanic dust over your blues skies

G

Now they re looking for an answer

Where the rot set in and set up the landslide

a

But it only makes it worse now

G

You re like a puzzle to be worked out

G

And it s the voices in your head now

C Dm Am

Saying there s something wrong about the way I feel $\$

C Em F

A broken link, a missing part, a punctured wheel

G

And it s not what you re expecting

An

The way the world you built loves to cut you down

G

The way your head gets twisted

F Am

And you sit up all night trying to figure it out

G

And they say you ve made your bed now

F Ai

Don t you see you ve brought it on yourself

G

And they say that you should move on

G

But you can t even get your shoes on

G

And it s the voices in your head now

C Dm Am

Saying there s something wrong about the way I feel

C Em F

A broken link, a missing part, a punctured wheel

```
It doesn t matter what you say now
                                                   Am
It s like some vision in the stars that seems so real
                           Εm
The way I feel, the way I feel, the way I feel
The way I feel, the way I feel, the way I feel
( G F )
And everyone else has got things sorted out
You stand on the edge talking to yourself
                                                  Am
You re young, left behind and tangled up inside
And it s not what you re expecting
The way your head gets twisted
And it s the voices in your head now
(And it s the voices in your head now)
And it s the voices in your head now
Saying there s something wrong about the way I feel
A broken link, a missing part, a punctured wheel
It doesn t matter what you say now
                                                   Am
It s like some vision in the stars that seems so real
                           Em
The way I feel, the way I feel, the way I feel
                           \mathbf{Em}
The way I feel, the way I feel, the way I feel
The way I feel
                              Dm
                                                   Am
It s like some vision in the stars that seems so real
                           Em
The way I feel, the way I feel, the way I feel
The way I feel, the way I feel, the way I feel
The way I feel, the way I feel, the way I feel
The way I feel, the way I feel, the way I feel
