

You Are Young

Keane

C
Fearfull child, have faith in brighter days
F
Stay until this darkness fades away
C
Lie still beside me
F **C**
I ll hold you now, I ll hold you forever

C
Winter s hand will freeze your heart again
F
Doors will close, no time to start again
C **F**
Nothing is given, except the ties that hold us together

Am **F**
Lay down your load
Am **F**
cause everyday it s gonna grow
C
And bask in the sunshine
F **G** **C**
Try to pay no mind, try to pay no mind at all
G
To all the things that you don t know

F
You ve got time to realise
C
You re shielded by the hands of love
G
cause you are young

C
Fading light may make a fool of me
F
Courage fail, strength slip away from me
C
Lie still beside me
F
And hold me now and hold me forever

Am **F**
Lay down your load
Am **F**
Because everyday it s gonna grow

C
These days are sacred
F **G** **C**
Hey now don t be scared, baby don t be scared at all
G
Of all the things that you don t know
F
You ve got time to realise
C
You re shielded by the hands of love
G
Cause you are young
F
You ve got time you ve got to try
C
To bring some good into this world
G
cause you are young
C
cause you are young

F
Oh oh oh woah
C
Oh woah oh
F
Oh oh oh woah
C
Oh woah oh
F
Oh oh oh woah
C
Oh woah oh
Because you are young
