

Beautiful Lie

Keemo

**F** Yesterday, today, tomorrow **F4** Fade away like frozen photographs **D#**  
**F** Remember, forget **F4** The stakes, the ways you take **F**  
**D#** The ways you make the moment pass **F** For every regret  
**D#** **G4**  
I tell a beautiful lie  
**Gm7** **F**  
And i would die if you find out  
**F4** **D#** **D#7** **F**  
I tell a beautiful lie every time that i did not open up my mouth  
**F4** **D#**  
All the same, its a game Its a play, its a war  
**A(slide)** **F** **F4**  
Its a shame that we re always fighting for I dont mean to cost no blame  
**D#** **Bb** **F**  
I dont intend to pretend, i could never loved you more  
**D#** **G4** **Gm7** **F**  
But in the blink of an eye Everything you ever knew can change  
**F4** **D#** **D#7** **F**  
And its a beautiful lie if you think everything will always stay the same

Baby  
My baby  
You got a secret, it s starting to show  
My baby  
Sweet baby  
How long can you keep it?  
How far would you go?  
You tell a beautiful lie  
You tell a beautiful lie  
And its going to, its going to drive you crazy
