Standard Tuning

This version was a bit more playable (and singable) for me.

Intro: **G# C# G# C#**

Verse One:

**G#** **C#** **G#** **F#**  
Like a foolish dreamer, trying to build a highway to the sky  
**C#** **Bbm** **C7** **Fm**  
All my hopes would come tumbling down, and I never knew just why  
**C#** **G#** **C#**  
Until today, when you pulled away the clouds  
**G#** **F#**  
That hung like curtains on my eyes  
**C#** **Bbm** **C7** **Fm**  
Well I ve been blind all these wasted years and I thought I was so wise  
**C#** **Eb**  
But then you took me by surprise

Chorus:

**G#** **F#** **C#**  
Like waking up from the longest dream, how real it seemed  
**Bb** (C)**G#** **Eb** **G#**  
Until your love broke through  
**G#** **F#** **C#**  
I ve been lost in a fantasy, that blinded me  
**Bb** (C)**G#** **Eb** **G#**  
Until your love broke through

Verse Two:

**G#** **C#** **G#** **F#**  
All my life I ve been searching for that crazy missing part  
**C#** **Bbm** **C7** **Fm**  
And with one touch, you just rolled away the stone that held my heart  
**C#** **G#** **C#** **G#** **F#**  
And now I see that the answer was as easy, as just asking you in  
**C#** **Bbm** **C7** **Fm**  
And I am so sure I could never doubt your gentle touch again  
**C#** **Eb**  
It s like the power of the wind
