

Dont Forget About Me
Keith Harkin

This is my first tab, so go easy on me! I ve played this along with the actual song and it follows almost exactly what Keith sings, so it s pretty accurate. Reason why it s not the actual guitar part is because he plays a 12 string and these are the chords for a six string. If there are any mistakes, please let me know! 1v: 1st verse, C: Chorus, B: Bridge
