Days Go By
Keith Urban

[Intro]
D Em7

[Verse 1]
  D   **Em7**
I m changing lanes and talkin on the phone
        D/F#   **Dm7**
Drvin way too fast
          D   **Em7**
And the interstate s jammed with gunners like me
            D/F#
Afraid of coming in last
Em   **D/F#-G**
But somewhere in the race we run
We re coming undone

[Chorus]
            D
And days go by
Em7
I can feel em flying
        Em7   **G**
Like a hand out the window in the wind
            D
The cars go by
          Em7
Yeah it s all we ve been given
        D/F#   **G**
So you better start livin right now
                  D   **Em7**
Cause days go by

[Verse 2]
                    Em7
Out on the roof just the other night
                D/F#
I watched the world flash by
                          Em7
Headlights,taillights running thought a river
    D/F#
of neon signs
Em   **D/F#-G**
But somewhere in the rush i felt
We re losing ourselves

[Chorus]
                  D

```
Yeah the days go by
A                                        G
We think about tomorrrow then it slips away, oh yes it does
A                                   Em7 D/F#     G
We talk about forever but we ve only got today
                    D
And the days go by
Em7
I can feel em flying
        D/F#
Like a hand out the window
         G
As the cars go by

[Hook]
           Em7
Yeah it s all we ve been given
         D/F#                     G
So you better start livin , you better start livin
G
You better start livin  right now

[Outro]
D   Em7  E/F#   G
