(verse)
**D**
Youre pretty as a daisy in an open field
**D**
The way you make me feel from the get-go
**D**
I had to let go of every little thing that Ive ever known
**D**
You shake me up like Coke in a bottle
**D**
You re a pedal to the floor, full throttle
**D**
Ain t nothin else on my mind when I see that pretty smile
(no chord)
Go on

Taking me places Ive never been
      **D**                 **G**
And Im lost in your eyes and come on darling, do it again
