Making Memories of Us  
Keith Urban - Be Here  
Written By - Rodney Crowell

These chords should be right. I noticed the other tabs for this song are missing the G#m7 s in the verse and in the bridge. Also, in the live version on AOL Sessions, Keith plays a B chord in between each line of the chorus. I have them in perentthesis because they aren t needed, but it adds more to the song. ~added intro ÂRiceBoy

Live version is capo 1, CD version is without a capo
