

Parallel Line

Keith Urban

[Intro] C F Am G
C F Am G

 C F
You said I love you to me
 Am G
And I don't know what that means
 C F
So I froze on my feet
 Am G
People use it so carelessly
 C F
And I couldn't believe
 Am G
That you would dive in so deep
 C F
And you said perfectly

Everything I've been feelin' about you

 F C G
It's time to break the chains
 Am F C G
That held me back from you
So come on and

 Am F C G
Take a little bit of my heart tonight
 Am F C G
No, I literally don't mind Just please don't misplace it
 Am F C G
Take a little bit of my heart tonight
 Am F C G
No, baby be mine now, baby be mine now
Am F C G
Maybe it's time we put our hearts in a parallel line

(C F Am G)
(C F Am G)

 C F
Well I was never the type
 Am G
To put it all on the line
 C F
But I've been changing my mind
 Am G

Since you opened my eyes

C F
It was the way that the light

Am G
Picked you out of that night

C F
Then you were right by my side

Am G
Put a soul in my body

F C G Am
And now it s time to close the space

F C G
Between the two of us
So come on and

Am F C G
Take a little bit of my heart tonight

Am F C G
No, I literally don t mind Just please don t misplace it

Am F C G
Take a little bit of my heart tonight

Am F C G
No, baby be mine now, baby be mine now

Am F C G
Maybe it s time we put our hearts in a parallel line

Am F C G

Am F C G

Oh baby it s time

Am F C G

Oh it s time

Am F C G

Am F C G
Take a little bit of my heart tonight

Am F C G
No, I literally don t mind Just please don t misplace it

Am F C G
Take a little bit of my heart tonight

Am F C G
No, baby be mine now, baby be mine now

Am F C G
Take a little bit of my heart tonight

Am F C G
No, I literally don t mind Just please don t misplace it

Am F C G
Take a little bit of my heart tonight

Am F C G
No, baby be mine now, baby be mine now

Am F C G
Maybe it s time we put our hearts in a parallel line

C F Am G
Put our hearts in a parallel line

C F Am G
Put our hearts in a parallel line

(**C F Am G C**)
