

Put You In A Song
Keith Urban

G D

G

Well here you come again and you're lookin' so fine

F#m

You don't notice me but it's alright

G

Bm

I'm just a guy who wishes that I could be your man someday

G

Yeah a picture paints a thousand words it's true

F#m

But it's still not enough for how I feel about you

Em

G

I wanna put you in a melody, I gotta set you to a groove

(Chorus)

G

I wanna put you in my car and drive and turn you up loud

D

roll down all the windows and shout it out

G

I love this girl oh

If I could press play, repeat how happy I'd be

D

Wherever I'd go I'd have you there with me

Em

You'd be right where you belong

G

D

I wanna put you in a song, oh oh oh

Well I'd sing about your smile and your pretty blue eyes

The way your hair shimmers in the sunlight

It'd be so easy I'd just write it from my heart

~Cause I gotta tell the world what you mean to me

Wrap you up in a melody so you'll be

Stuck in my head all day

~Cause you're already there anyway, yes you are

(Chorus)

I wanna put you in my car and drive

And turn you up loud, roll down all the windows and shout it out

I love this girl

If I could press play, repeat how happy I'd be

Wherever I'd go I'd have you there with me

You'd be right where you belong

I wanna put you in a song

Bridge

A **Em**

And if I get it right everybodyâ€™d be singing along yeah

A

And when they see you on the street theyâ€™ll say

G

Hey ainâ€™t you the girl in that song

(Chorus)

I wanna put you in my car and drive

And turn you up loud, roll down all the windows and shout it out

Iâ€™m in love with this girl

Yeah if I could press play, rewind a couple million times

Imagine for a moment that youâ€™re all mine

Every night Iâ€™d drive you home

If I could put you in a

Let me put you in a song

Let me put you in a song

Oh a pretty little song about you baby
