C#m

```
Raise Em Up
Keith Urban
Keith Urban, ft. Eric Church, Raise Em Up
[Intro]
E G#m C#m B A,
[Verse]
Raise em up
                G#m
                                       C#m
Im talkin bout a lighter on a Saturday night
The band plays a song you like and you sing along
Raise em up
               G#m
                                 C#m
Im talkin bout Daddys old pickup truck
                                                       Α
Shotgun seat, theres the one you love and youre kissin on
[Chorus]
                      G#m
Get those white sails sailing down in Mexico
                 G#m
Its just a whiskey glass if you aint makin a toast
                    G#m
                             C#m
Lift your tear-filled eyes up to the sky
A comin home, youve been gone too long
                               G#m C#m E, C#m B
Tonight were gonna raise em up Hmm
[Verse]
Raise em up
                 G#m
You got a voice, you got a choice
Go make some noise
Dont ever let em tell you who you are
Raise em up
                     G#m
Fist black and blue, fight for the truth
```

```
Its what you do
 Hand on your heart for the stripes and stars
[Chorus]
                       G#m
                              C#m
Black umbrellas in the pourin rain
                G#m
A Sunday morning coming Down, amazing grace
                               G#m
Lift those tear-filled eyes up to the sky
As the flag flies, say goodbye
Tonight were gonna raise em up
(instrumental-bridge)
E G#m C#m, E A, E G#m C#m,
(no chord)
So, you meet someone
The only one
You take her by the hand
Make a stand
Buy some land
Make some love
And them babies come
(chorus-out)
           E G#m C#m
Raise em up
         E A
Raise em up
         Е
Raise em up trophy high
        G#m
Raise em up to the sky
Raise em up, show everybody that newborn smile
Raise em up tall and strong
         G#m
Raise em up right from wrong
         Е
                                  Α
```

Ε

Raise em up so damn high they can hear God singing along G#m C#m A

(Woah,) woah, (woah,) woah, (woah)

E G#m C#m A E

(Woah, woah) woah, (woah,) woah, (woah)

G#m C#m A E

Woah, (woah,) woah, (woah)
