I ve never loved anyone like I love you
So when you re not around
I must confess I lose myself
And I don t know who or where I am

I might be crazy
Crazy about being your man

Why s it feel so long
Since you ve been gone
Why s it feel so long
(I don t know why)
Time keeps dragging on
Til you get back home
Why s it feel so long

Call me, call me, baby

Tell me now

Why s it feel so long
Since you ve been gone
Why s it feel so long
(I don t know why)
Time keeps dragging on
Til you get back home
Why s it feel so long

Why s it feel so long
Since you ve been gone
Why s it feel so long
(I don t know why)
Time just crawls along
Til you get back home
Why s it feel so long

I look in my watch
Stare at the clock
They don t move
I don t need a round
Just frozen on the couch
So second feel like hours
An hour s like a day
It s strike like a zone in this home
When you go away

At least don't go away
