Verse.

E
Outside my window, I swear on my mama s grave
C#M
You faded out of the street noise like an out-of-focus Polaroid
A2
So I shot the moon, and I cursed the wind
D9
For makin me think that you were here again.
E **C#M**
Smoke and mirrors, somebody stole you away

Well, that s the biggest conspiracy since J.F.K.

A
So I combed the corners and the glass houses
D9
Had the right directions but I never found it.

Bridge.

A2 **BSUS4** (**E / B / A2**)
Well, I d trade in all the rest of my days
A2 **BSUS4**
For just the mere reflection of your face
A2 **BSUS4**
For one shining moment.

Chorus.

E **G#M** **A2**

E G#M A2

Well, I d trade in all the rest of my days
For your crooked smile and your wicked ways
I d fill up all this empty space
With you or somebody like you...
With you or somebody just like you
Oh, you or somebody like you.
