It s lonely out tonight down here in Georgia  
**E** **B7**  
And the oldest friend I ve got I met today  
**E** **A**  
The woman that I love just up and left me  
**E** **B7** **E**  
And the place I love a thousand miles away

**A**  
Operator hook me up to Houston  
**E** **B7**  
Get me anybody on the phone  
**E** **A**  
Look there in your book and pick a number  
**E** **B7** **E**  
Cause you can t be choosy when you re this alone

**A** **E**  
Won t you talk to me Texas let me hear that draw  
**A** **B7**  
I spent my last five dollars on this one long distance call  
**E** **A**  
Won t you talk to me Texas I got these homesick blues  
**E** **B7** **E**  
Tell me I can come on home to you

**A**  
I got this faded number in my wallet  
**E** **B7**  
It s been in here a dozen years I know  
**E** **A**  
I used to call it up when I was lonely  
**E** **B7** **E**  
Lord that women sure could love me so

**A**  
I know by now she s probably changed her number  
**E** **B7**  
And with my luck she s probably changed her name  
**E** **A**  
If there s a chance in hell I think I ll take it  
**E** **B7** **E**

Cause I d love to hear that woman s voice again

repeat #3 x2

**B7**

**E**

Hey tell me I can come on home to you
