

**Keep It Simple**  
**Keller Williams**

Artist - Keller Williams

Song - Keep it Simple

Tuning: **D A F C G D**

**B7**

Why do you rush

**A7**

it seems like a waste of time

**B7**

life could be so plush with the

**A7 Bb7 B7**

right frame of mind

**B7**

Why do you stress

**Dm7**

it s something that you create

**B7**

take the detour round the

**A7 Bb7 B7**

things that can complicate

Chorus:

**B7**

Keep it simple but

**A7**

try and make it swing

**B7**

keep it simple just

**A7 Bb7**

give me a little taste of that funky thing you gots to

**B7**

keep it simple

**Dm7**

it s so simple to do

**B7**

keep it simple that s just

**A7 Bb7 B7 A7**

my advice to you

**B7 A7**

I heard it said live simply

**B7 Dm7 A7-Bb7**

so others can simply live

**B7 A7**

yes I believe in karma

**B7**            **A7 Bb7**  
and you get just what you give  
**B7**            **A7**  
but I don t feel the pressure  
**B7**            **Dm7 A7-Bb7**  
that seems to surround me

**B7**            **A7**  
I guess I just choose to ignore it  
>        **B7**  
>        **A7**  
like when the goggles press up against my face  
>        **B7**  
when I dive deep into the sea

Chorus

**B7**            **A7**  
But you say you re not normal  
**B7**            **Dm7 A7-Bb7**  
you step up to your fears  
**B7**        **A7**  
I say stray from the formal  
**B7**            **A7 Bb7**  
and try not to grind the gears  
**B7**            **A7**  
because that sound is painful  
**B7**            **Dm7 A7-Bb7**  
and that cannot be good  
**B7**            **A7**  
but don t get me wrong cuz I am  
**B7**    **Bb7**    **A7**            **Bb7**  
grateful as well I should

**B7**            **A7**  
I heard it said live simply  
**B7**            **Dm7 A7-Bb7**  
so others can simply live  
**B7**        **A7**  
yes I believe in karma  
**B7**            **A7 Bb7**  
and you get just what you give  
**B7**            **A7**  
I wish you all could join me  
**B7**            **Dm7**  
**A7-Bb7**  
and patch into my soundboard brain  
**B7**  
      **A7**  
then you all could see and hear it for yourself  
**B7**        **A7**            **B7**  
and I would not have to explain

Chorus
