

**Take Me To The Tundra**  
**Keller Williams**

Artist - Keller Williams  
Song - Take Me To The Tundra

Tuning: **B F# D A E B**

Verse:

**G**

Summertime in Virignia

**C G**

Is sticky as sticky can be

**G**

It s livable with climate control

**A D**

Of course that s for a fee

**G**

It was tougher back in the olden days

**C A**

Back before the air conditioning craze

**G C G**

All I can say is

**D G**

Better them than me

Stinky old Ramona

Stinky as stinky can get

Working at the roadside vegetable stand

Over in the northern neck

She would beg to differ

Says it s fine in the shade

But I would rather shiver

Than sweat my ass to the grave

Chorus:

\* **C D G**

So take me to the tundra

**C G**

So I can see my breath

**G**

Where icicles drip out from my nose

**A D**

Some desolate frozen the valley of death

**G**

I m tired of being soaking wet

**C A**

I m tired of that rash I get

**G C G**

Take me to the tundra

D G

So I can see my breath

Sweatstains on the car seat  
Sweatstains on my shirt  
Sweatstains on the seat of my pants  
Mixed in with Virginia dirt  
It s heat like that bring you to your knees  
Hallucinate to the deeper freeze  
Pray to the higher power  
For a little breeze

It was hotter than hell  
And Satan himself  
Come up the other day  
With red pointy perspiration pouring  
He looked at me as if to say  
How in Heaven can you deal  
With heat like this I don t care to feel  
I m goin home  
Back down the road to hell

chorus

I reckon I should build me a swimming pool  
And have it attached to me  
Then I can walk around all day long  
As cool as a man can be  
But I would probably shrivel  
Lemme tell you brother that ain t right  
Maybe we should just sleep all day  
And live our lives at night

Summertime in Virignia  
Is sticky as sticky can be  
It s livable with climate control  
Of course that s for a fee  
It was tougher back in the olden days  
Back before the air conditioning craze  
All I can say is  
Better them than me

chorus

Take me to the tundra  
So I can see my breath
