

Thirsty In The Rain
Keller Williams

(verse)

D **F**
Theres an eagle and he keeps on flying

C **G**
over the mountains capped in white snow.

D **F**
In green valleys, lonesome people trying

C **G**
so hard to tell each other what they think they know.

D **F**
With greedy hands they take each others money

C **G**
Just to buy back this helpless place

(chorus)

Em **G**
In this land of flowing milk and honey

F **C** **G** **A**
we wander thirsty in the rain.

F **C** **G**
Thirsty in the rain.

(verse)

D **F**
Just like that eagle, now my soul is flying

C **G**
over the valleys in the crimson morning sky.

D **F**
And there don t seem to be no use in struggling so hard

C **G**
and there don t seem to be no reasons why.

D **F**
Well i must fight you for the rich mans money

C **G**
so I can buy back his helpless place.

(chorus)

Em **G**
Seems so useless and somehow funny,

F **C** **G** **A**
to be thirsty in the rain.

F **C** **G**
Thirsty in the rain.

(verse)

D **F**
Fare thee well, now my own true lover,

C **G**
my face you will never see it no more.

D **F**
But there is one promise that is given

C **G**
that I will meet you on God s golden shore.

D **F**
Golden shore, love where the eagle soars

C **G**
so high above the fruitful plain.

(chorus)

Em **G**
I m the same friend that you knew when

F **C** **G** **A**
we wandered thirsty in the rain.

F **C** **G** **A**

Thirsty in the rain.

F **C** **G** **A**

Thirsty in the rain.

F **C** **G**

Thirsty in the rain.
