

Moribund Town
Kellermensch

{Intro}

F#m F D Bm x2

[Verse]

F#m **F**
Around here we never change heart
D **Bm**

And at night we do the skeleton dance

F#m **F**
First we hurry to the graveyard
D **Bm**

Where the bones will keep us all in a trance

F#m **F**
A spider is spinning out of boredom
D **Bm**

And the web it stretches all around town

F#m **F**
You best be carefull not to tremble
D **Bm**

Or you ll end up living six feet underground

[Chorus]

D **Bm** **F#m**
Get out of your town... Get out of your mind...

A **D**
These streets hide all the memories you don t want to find

Bm **F#m**
Get out of your town... Get out of your mind...

A **F#m**
When you keep putting jewels in the dirt they don t shine

[Verse]

F
At the moment we have dark nights
D **Bm**

And our dreams are made of stone and steel

F#m **F**
From the pharmacy we get medicine
D **Bm**

But this town is like a wound that won t heal

F#m **F**
On my prescription there s a crowbar
D **Bm**

I ll need a crowbar to open my heart

F#m **F**
Some of us really need an alibi
D **Bm**

Or an easy way of saying goodbye

[Chorus]

D **Bm** **F#m**
Get out of your town... Get out of your mind...
A **D**
These streets hide all the memories you don t want to find
Bm **F#m**
Get out of your town... Get out of your mind...
A **D**
When you keep putting jewels in the dirt they don t shine
Bm **F#m**
Get out of your town... Get out of your mind...
A **D**
These streets hide all the memories you don t want to find
Bm **F#m**
Get out of your town... Get out of your mind...
G
From this place there s no easy way, easy way, easy way, easy way

[Outro]

F#m D A Bm

Out

F#m D A Bm

F#m **D** **A** **Bm**
It s a fine place to pray for a miracle
F#m **D** **A** **Bm**
When you know you are living in a moribund town
F#m **D** **A** **Bm**
It s a fine place to pray for a miracle
F#m **D** **A** **Bm**
Just remember to gonna get out of it

F#m D A Bm [Repeat until end]
