Oh, I hear the weather s nice in California

There s sunny skies as far as eye can see
If you ever come back home to Carolina
I wonder what you d say to me

Forgiveness is such a simple word
But it s so hard to do
When you ve been hurt

Oh, I hear the weather s nice in California
And just in case you re wonderin about me
From now on I won t be in Carolina
Your little girl is off,
your little girl is off,
your little girl is off
To Tennessee
