It s like your a drug
It s like your a demon I can t face down
It s like I m stunned
It s like I m running from you all the time
And I know I let you have all powers like
The only company I see is misery all around
It s like your a leech
Sucking the life from me
It s like I can t breathe
Without you inside of me
And I know I let you have all the power
And I realize I m not gonna quit you over time

It s like I can t breathe
It s like I can t see anything
Nothing but you
I m addicted to you
It s like I can t think
Without you in
You re haunting me
In my thoughts
In my dreams
You re taking over me

I m hooked on you
I need a fix
I can t take it
Just one more hit
I promise I can do with it
I ll handle then quit it
Just one more time then that s it
Just don t let open
But you ll get me through this
