Dm / **Bb** / **A**

(*) Not sure if that s right chord name but there is a change in just the bass note
from **C** to **C#**

Letra:

What you see is not what you get!
With you, there s just no measurement!
No way to tell what s real from what isn t... there!

Your eyes, they sparkled..
That s all changed into lies that drop like acid rain...
You washed away the best of me!
You don t care...

Refrão:
You know you did it!
I m gone!!!
To find someone to live for in this world...
There s no light at the end of the tunnel tonight,
Just a bridge that I gotta burn!
You are wrong!!!
If you think you can walk right through my door.
That is just so you, coming back when I ve finally moved... on!
I m already gone!!!

Sometimes shattered, never open!
Nothing matters when you re broken...

That was me, whenever I was with... you!
Always ending!
Always over!
Back and Forth, Up and Down, Like a roller coaster...
I am breaking... that habit... today!

(Refrão)

There is nothing you can say... Sorry doesn t cut it, babe!
Take the hit and walk away... Cause I m gone!
Doesn t matter what you do!
It s what you did that s hurting you...
All I needed was the truth... Now I m gone!

What you see is not what you get...
What you see is not what you get...

(Refrão)

I m already Gone!!!
I m already gone...
Already Gone!

I m gone...
