Intro: Bm, A x3?
Verse:
Bm
Louder, louder the voices in my head
Whispers taunting all the things you said
Faster the days go by and I {\tt m} still
Stuck in this moment of wanting you here
Bm
Time in the blink of an eye
You held my hand
You held me tight
Now you re gone and I m still crying
Shocked, broken I m dying in side
Bm, A, G, F#
Chorus:
Bm
                            G
                                           Em
Where are you? I need you. Don t leave me here on my own.
Speak to me. Be near me. I can t survive unless I know your with me.
Verse 2:
Shadows linger only to my eye
  {\tt Bm}
I see you, I feel you
Don t leave my side
It s not fair just when I found my world
They took you, they broke you, they tore out your heart
I miss you, you hurt me, you left with a smile
Mistaken, your sadness was hiding inside
Now all that s left are the pieces to find
