You re going crazy

Running on empty

C

You can t make up your mind

You tried to hide it

But you had to say it

Restless all this time

So completely drained from everything that s in your life

It s so wrong but you had to scream every thought you d kept inside

One minute you laugh

The next minute you re slowly sinking into something black

I get the feeling that lately nothing ever really lasts

C I keep trying to get up but I keep falling back And you love, and you hate, and you wait Cause one minute goes fast You just can t escape it You re losing patience You wonder what went wrong Everything changes Happy then jaded Always a different song Playing in your head just when you think you ve got it down Out of nowhere you realize it s different music playing now One minute you laugh The next minute you re slowly sinking into something black I get the feeling that lately nothing ever really lasts I keep trying to get up but I keep falling back And you love, and you hate, and you wait C Cause one minute goes fast (ahahahahahaha) C One minute goes fast (ahahahahahaha) One minute goes fast Α Fast One minute you laugh
