Piece by Piece
Kelly Clarkson

Intro: **C#**

```
Bbm                  F#                C#
 And all I remember is your back
 Bbm                               F#                     C#
 Walking towards the airport leaving us all in your past
              G#                  Bbm            F#
 I traveled fifteen hundred miles to see you
G#                Bbm
 Begged you to want me
                     F#
 But you didn t want to

     C#
 But piece by piece he collected me
     G#
 Up off the ground where you abandon things
       Bbm                                       F#
 And piece by piece he filled the holes that you burned in me

 At six years old and you know
C#
 He never walks away

 He never asks for money
G#
 He takes care of me

 He loves me
  Bbm
 Piece by piece

 He restored my faith
          F#
 That a man can be kind
                    C#
 And a father could stay

Bbm                 F#           C#
 And all of your words fall flat
          Bbm                     F#                         C#
 I made something of myself and now you wanna come back
      G#                 Bbm
 But your love it isn t free
               F#
 It has to be earned
        G#                          Bbm
```

```
Back then I didn t have anything you needed
          F#
So I was worthless

        C#
But piece by piece he collected me
    G#
Up off the ground where you abandon things
      Bbm                                         F#
And piece by piece he filled the holes that you burned in me

 At six years old and you know
C#
 He never walks away

 He never asks for money
G#
 He takes care of me

 He loves me
   Bbm

That a man can be kind

She will never have to wonder her worth
            F#
Because unlike you I m gonna put her first and you know

 He ll never break her heart
