**Am**

Seeing as how you ve kept me

**C/G**

Hanging around for all this time

**Dm**

Playing with my mind and leaving

**Am Em**

All our love behind

**Am**

But it s time for a decision

**C/G**

Should I stay or should I go

**Dm**

I need our love to grow

**Am Em**

But there s so much I need know

**D**

Cause in my heart and in my head

**Am**

Are thoughts of how it used to be

**D**

But a world of memories

**Am G**

Is only emptiness to me

**Dm**

I dont wanna wait until tomorrow

**Am C/G**

I don t wanna wait another day

**Dm**

I don t wanna live with all this sorrow

**Am C/G**

I ll just have to find another way

**Am**

And it s not a false illusion

**C/G**

I can see what s going on

**Dm**

If the magic s really gone

**Am Em**

Then this is not where I belong

**Am**

And I ask myself the questions

**C/G**

That confusion seems to bring

**Dm**

While the answers stay so thin

**Am Em**

Upon the ground where I begin

**D**

Cause in my heart and in my head

**Am**

Are thoughts of how it used to be

**D**

But a world of memories

**Am G**

Is only emptiness to me

**Dm**

I dont wanna wait until tomorrow

**Am C/G**

I don t wanna wait another day

**Dm**

I don t wanna live with all this sorrow

**Am C/G**

I ll just have to find another way

**Dm**

I dont wanna wait until tomorrow

**Am C/G**

I don t wanna wait another day

**Dm**

I don t wanna live with all this sorrow

**Am C/G**

I ll just have to find another way

**C/G Am**

Another way another way another way
