**G**

I have travelled across the universe

**Cadd9**

On wings of golden light

**G**

And the lady of the mountain

**Cadd9**

Brought me comfort in the night

**D**

But the love I really need

**Cadd9**

Is further from my sight

**G**

It is yours

**D**

**C**

Oh, tell my lover I m coming home

**G**

For the last time

**Cadd9 Dsus4 D C C/B C/A G D7**

**G**

I have seen the children playing

**Cadd9**

As I watched the sun go down

**G**

I have shared their games and sung their songs

**Cadd9**

And helped their world go round

**D**

And although I know enough of life

**Cadd9**

To tie up my own shoes

**G**

I still need you

Oh tell my lover I m coming home

For the last time

Oh tell my lover I ve been away

For the last time

For the last time
