

**Nowhere To Go Nowhere To Be**  
**Kenny Chesney**

Nowhere to Go, Nowhere to Be  
Kenny Chesney  
Lucky Old Sun

Here s a little lick for the intro, it also sounds cool if you just pick around with whatever you like

```
e--5--2--0-----3p2-3-----|
D-----3-----|
G-----|
D-----|
A-----|
E-----|
```

This song sounds way better if you can finger pick it...if not, strumming is fine.

**D** **A**  
Like an empty bottle washed up by the waves

**G** **A**  
Like an ol schooner slippin slowly to its grave

**D** **A**  
Like ghosts of old sailors caught somewhere in time

**G** **A**  
Like a lone palm that s watched the world unwind, I got

**G** **A** **D**  
Nowhere to go and nowhere to be

**G** **A** **D**  
Trinidad Charlie on a stool next to me

**G** **A** **D**  
Readin his book about the have and have-nots

**G** **A**  
In between chapters, we d take another shot

**Bm** **A** **G**

One by one, we d slide from reality

**G** **A** **D**  
Nowhere to go, and nowhere to be.

**D** **A**  
There s jerk chicken, grillin on the grill

**G** **A**  
It sure feels good for some time to be still

**D** **A**  
Even if it s only for a little while

**G** **A**  
The sight of those sails in the wind make me smile, when I got

**G** **A** **D**  
Nowhere to go and nowhere to be

**G** **A** **D**  
Trinidad Charlie on a stool next to me

**G** **A** **D**  
Readin his book about the have and have-nots

**G** **A**  
In between chapters we d take another shot

**Bm** **A** **G**  
One by one we d slide from reality

**G** **A** **D**  
With nowhere to go and nowhere to be

**Bm** **A** **G**  
Days turn into night

**Bm** **A** **G**  
When you re stuck in still life, and you got

**G** **A** **D**  
Nowhere to go and nowhere to be

**G** **A** **D**  
Trinidad Charlie on a stool next to me

**G** **A** **D**  
Readin his book about the have and have-nots

**G**

**A**

In between chapters we d take another shot

**Bm**

**A**

**G**

**D**

With nowhere to go and nowhere to be

Thats what I could pick up from the song. It sounds good to me.

Although Im still questionable about the D at the end of the Chorus.

Let me know if any of you can notice anything different. Enjoy!!
