

Thats The Good Stuff
Kenny Chesney

G **D**
Well me and my lady had our first big fight,
C **G**
So I drove around till I saw the neon lights,
C **G** **C G C**
At a corner bar, and it just seemed right, so I pulled up,
G **D**
Not a soul around but the ol barkeep,
C **G**
Down at the end lookin half asleep,
C **G** **C G C**
But he walked up and said what ll it be? I said the Good Stuff,
C **D** **C** **D**
He didn t reach around for the whiskey, He didn t pour me a beer,
C **D**
His blue eyes kinda went misty,
C
Said you can t find that here,

G **D**
Cause it s the first long kiss on a second date
C **G**
Mamma s all worried when you get home late
C **G**
And droppin the ring in the spaghetti plate,
C **G** **C** **D**
Cause your hands are shaking so much
G **D**
It s the way she looks with rice in her hair
C **G**
Eatin burnt suppers the whole first year
C **G** **C G C**
And askin for seconds, to keep her from tearin up,
D **G** **D C G C**
Yeah man that s the Good Stuff

G **D**
He grabbed a carton of milk and poured a glass
C **G**
I smiled and said I ll have some of that
C **G** **C G C**
We sat there and talked as an hour passed like ol friends
G **D**
Saw a black and white picture and it caught my stare
C **G**
Was a pretty girl with bouffant hair
C **G** **C G C**

He said that s my Bonnie, takin bout a year after we wed

C D C D

He said spent five years in the bottle when the cancer took her from me

C D

I ve been sober for three years now,

C G C D

Cause the one thing stronger than the whiskey was the

G D

The sight of her holdn my baby girl

C G

The way she adored that string of pearls

C G

I gave her the day that our youngest boy Earl

C G C D

Married his high school love

G D

And it s a new T-shirt sayin I m a Grand Pa

C G

Being right there as our time got small

C G C G C

And holding her hand, when the good lord called her up

D G D C G C

Yeah man that s the Good Stuff

G D C G C

D G

He said when you get home she ll start to cry

D G

When she says I m sorry, say so am I

G D C D C

And look into those eyes so deep in love

D

And drink it up

G D C G C

Cause that s the Good Stuff

G D C G C

That s the Good Stuff
