Capo 1st Fret

Intro: (A) (A)

(A) Last night downtown I was drinking the booze
Like it was going out of style
My whole head got light
I lost my eyesight
I ainâ€™t been that drunk in awhile
(D) Along about 1 I spotted a queen
And I started to make my move
Aw, (A) she was believing every line I was laying
Lord I was just too cool
Well I (E) thought I died and gone to heaven
But Lord did I look like a fool
Last night I came in at 2 with a 10
But at 10 I woke up with a (A) 2

Last (D) night I came in at 2 with a 10
But at 10 I woke up with a 2
Iâ€™ve got (A) 20/20 vision when I ainâ€™t drinking
But lord when I get on that booze
I ainâ€™t (E) never gone to bed with an ugly woman
But I sure woke up with a few
Last night I came in at 2 with a 10
But at 10 I woke up with a (A) 2

Well I made up my mind
I was never gonna find
Myself in that condition again
But here I sit on the same barstool
And just look at the shape Iâ€™m in
I done spotted me another queen
Sitting at a table alone
So I strolled on over and sat myself down
And asked if I can take her home
When she said yes, I thought Iâ€™d been blessed
But boy did I look like a fool
Last night I came in at 2 with a 10
But at 10 I woke up with a 2

Repeat Chorus

Now (**E**) you may laugh

But if youâ€™ve got the cash

Iâ€™ll bet you 10 to 1 you have (**A**) too
