

Let Go

Kenny Wayne Shepherd

As far as I know, this is correct. If you can sing over the chords with no problem. If anyone has legitimate chords let me know. I figured this out a few nights ago. Its only the chords that Noah Hunt plays on acoustic while Kenny is busy doing his thing. Ok enough talk, you came for chords.

Side note, its pretty obvious if you know the song but you keep playing the d chord in between lines in the verse
