

Call My Name
Kensington

I prefer the song with a capo on the first. But it sounds ok in every way!

C

Lies give me lies

Run for the tides

All of my life

Em Am

Holding on to save us

Holding on to break our downfall

C

Fire give me fire

Water to wine

All in your eyes

Em Am

Holding on to save us

F (kb) C

Roaming on the grey old grounds beneath

C

Em Am

You relight us, you re not even trying

F (kleine barr)

To relight us, you throw it in the fire

C

You will call my name, you will call my name

Em Am

And we ll beat them all

When you call my name, when you call my name

F (kb)

I will be the one

C

You will call my name, you will call my name

Em Am

And we ll beat them all

When you call my name, when you call my name

F (kb) C

I will be there

C

Lies give me lies

Run with the blind

Crawl in the light

Em Am

You throw it off the table

F (kb) C

You throw it on the ground for all to see

C

Em Am

You relight us, you re not even trying

F (kleine barrÃ©)

To relight us, you throw it in the fire

C

You will call my name, you will call my name

Em Am

And we ll beat them all

When you call my name, when you call my name

F (kb)

I will be the one

C

You will call my name, you will call my name

Em Am

And we ll beat them all

When you call my name, when you call my name

F (kb)Em C

I will be there

C

Em Am

Breathe the night, inside your eyelids

F (kb) C

You re giving us hope, not giving up hope on us

Em Am

And I ll be focused, on what I know was

C

Giving us hope, giving us hope

C

Em Am

Am

You re giving us hope

F(kb) C

So we won t fall done

C Em Am

Am

You re giving us hope

F(kb) C

So we won t fall done

C

Em Am

Am(once)

You re giving us hope

C(once)

Not giving up hope on us

C Em Am

F(kb)(once)

You re giving us hope

C(once)

Not giving up hope on us
