**E Eadd9 E E6 E Eadd9**  
My name is trouble my first name s a mess  
No need to greet me I m here to confess  
**C#m A E Eadd9 E E6**  
But if you let me hold you I won t hold my breath  
And if you let me love you I will love to death

My chase is endless I tend to obsess  
No game lives up to my need to possess  
But if you let me hold you I won t hold my breath  
And if you let me love you I will love you to death

**A C#m**  
I m petrified of emptiness another side of loneliness  
**G# A**  
Will always tend to break me in two  
If you re to come back to me, in pieces or a melody  
There couldn t be a better way through

My name is trouble my first name s a mess  
Born to deceive you brought up to redress  
And if you let me hold you I won t hold my breath  
But if you make me need you I will need you less
