

Cunx Tuesday

Kesha

I based this off of one I found on this site, but it wasn't too exact so I tweaked it a bit. Not sure who wrote the last one.

C U Next Tuesday à€" Ke\$ha

Capo 4

All chords standard fingerings except for Cadd9

Cadd9: x32033

G **Em**
I was looking lost it was cold outside
G **Em**
The whiskey rocks how you caught my eye
G **Em**
My red lips painted, all dressed in black
G **Em**
I needed something to bring me back
G **Em**
You knew the play and we danced all night
Cadd9 **D**
But something wasn't right
G **Em**
So I'll c u next Tuesday
Cadd9
If I ever get desperate
D
Or I'm so beyond faded
G **Em**
Just said I'll c u next Tuesday
Cadd9 **D**
Kinda nice how this morning I won't sit around waiting
G **Em**
And I'm not just being cold I'm just watching you pretend
Cadd9 **D**
Like your heart is on your sleeve when I know you have a girlfriend
G **Em**
I'll c u next Tuesday
Cadd9 **D** **G** **Em**
Oh, Oh
G **Em**
You don't call and you won't admit
G **Em**
The lies you spin for your power trip
G **Em**

I just can't take you seriously
