

Dancing With Tears In My Eyes

Kesha

Em **G**
Here we go, welcome to my funeral
C **D**
Without you, I don't even have a pulse
Em **G**
All alone, it's dark and cold
C **D**
With every move I die
Em **G**
Here I go, this is my confessional
C **D**
A lost cause, nobody can save my soul
Em **G**
I'm so delusional
C **D**
With every move I die
Em
I have destroyed our love
G
It's gone
C
Payback is sick
D
It's all my fault

Em **G**
I'm dancing with tears in my eyes
C **D**
Just fighting to get through the night
Em
I'm losing it, losing it, losing it
G
With every move I die
C **D**
I'm fading, I'm broken inside
Em **G**
I've wasted the love of my life
C
I'm losing it, losing it, losing it
D
With every move I die

Em **G**
When did I become such a hypocrite?
C **D**
Double-life, lies that you caught me in
Em **G**

Trust me, i m paying for it

C **D**

With every move I die

Em **G**

On the floor, I m just a zombie

C **D**

Who I am is not who I wanna be

Em **G**

I m such a tragedy

C **D**

With every move I die

Em

I have destroyed our love
