

Dancing With Tears In My Eyes

Kesha

F#m **A**
Here we go, welcome to my funeral
D **E**
Without you, I don't even have a pulse

F#m **A**
All alone, it's dark and cold
D **E**
With every move I die
F#m **A**
Here I go, this is my confessional
D **E**
A lost cause, nobody can save my soul

F#m **A**
I'm so delusional
D **E**
With every move I die

F#m
I have destroyed our love
A
It's gone

D
Payback is sick
E
It's all my fault

F#m **A**
I'm dancing with tears in my eyes
D **E**
Just fighting to get through the night

F#m
I'm losing it, losing it, losing it
A
With every move I die

D **E**
I'm fading, I'm broken inside
F#m **A**
I've wasted the love of my life
D
I'm losing it, losing it, losing it
E
With every move I die

F#m **A**
When did I become such a hypocrite?
D **E**
Double-life, lies that you caught me in
F#m **A**

Trust me, i m paying for it

D **E**

With every move I die

F#m **A**

On the floor, I m just a zombie

D **E**

Who I am is not who I wanna be

F#m **A**

I m such a tragedy

D **E**

With every move I die

F#m

I have destroyed our love

A

It s gone

D
